

RO & COOLING WATER CHEMICALS

Specialized Chemicals for Optimum Performance, Protection & Efficiency

TECHNICAL EXPERTISE
15+ Years Engineering Experience

GLOBAL SOURCING
Quality Products from Trusted Manufacturers

COMPETITIVE PRICING
Cost Effective Solutions for Better Performance

ENGINEERING SUPPORT
Selection, Sizing & Application Assistance

FAST DELIVERY
Timely Delivery Across GCC & Africa

OUR PRODUCT RANGE

1. RO ANTISCALANTS

- General Purpose Antiscalants
- High Silica Antiscalants
- Seawater RO Antiscalants
- Brackish Water Antiscalants
- Low pH Antiscalants
- Wide pH Stable Antiscalants

Benefits: Prevents scale formation, controls fouling and extends membrane life.

2. RO CLEANING CHEMICALS

- ACID CLEANERS**
- Low pH Cleaners
 - Descaling Cleaners
 - Inorganic Scale Removers
- ALKALINE CLEANERS**
- High pH Cleaners
 - Organic Fouling Removers
 - Biofouling Cleaners

Benefits: Efficient removal of scale, organics, biofilm and extends cleaning intervals.

3. MEMBRANE CARE CHEMICALS

- Membrane Preservatives
- Membrane Soaking Agents
- Biocides (Non-oxidizing)
- Dechlorination Chemicals
- pH Adjusters (Acid / Alkali)

Benefits: Protects membranes during shutdown, storage and operation.

4. COOLING WATER CHEMICALS

- Scale Inhibitors
- Corrosion Inhibitors
- Biocides
- Biodispersants
- Sludge Conditioners
- pH Control Chemicals

Benefits: Prevents scale, corrosion & microbiological growth in cooling systems.

5. WASTEWATER CHEMICALS

- Coagulants
- Flocculants
- Defoamers
- pH Adjusters
- Odor Control Chemicals

Benefits: Improves treatment efficiency, clarification and sludge handling.

KEY BENEFITS

- ✓ Enhanced System Efficiency
- ✓ Protects Equipment & Membranes
- ✓ Reduces Scaling & Fouling
- ✓ Lower Chemical Consumption
- ✓ Reduced Downtime & Maintenance
- ✓ Cost Effective Operation
- ✓ Improved Water Quality

IDEAL FOR APPLICATIONS

Reverse Osmosis Systems

Cooling Towers

Boiler Feed Water Systems

Industrial Water Circuits

Wastewater Treatment Plants

WHY CHOOSE GENOASIS CHEMICALS?

- ✓ High Quality & Performance Driven Formulations
- ✓ Compatible with All Major Water Treatment Systems
- ✓ Tailored Chemical Solutions for Your Process
- ✓ Technical Support for Dosing & Optimization
- ✓ Reliable Supply Across GCC & Africa

VALUE ADDED SERVICES

Water Analysis & Problem Diagnosis

Chemical Selection & Dosing Support

Treatment Program Development & Optimization

On-site Technical Assistance

Performance Monitoring & Continuous Improvement

PACKAGING OPTIONS

25 Ltr Drum

50 Ltr Drum

200 Ltr Drum

IBC Tank (1000 Ltr)

Bulk Supply

NEED HELP SELECTING THE RIGHT CHEMICALS?

Talk to our engineers for the best solution for your water treatment system.

PROUDLY SUPPLYING TO GCC & AFRICAN MARKETS

OUR QUALITY COMMITMENT

We supply high quality products from reliable manufacturers with strict quality control.
